Dear Yuexing Hao,

I am writing to confirm that you have been offered a OneReach.ai Academic Fellowship for research with conversational AI. Congratulations!

As an academic fellow, you'll be granted access to the OneReach.ai platform to pursue a research project with conversational AI as outlined in your fellowship application. Your platform access will be for one year. Please note, we reserve the right to remove access if the platform is used for purposes other than the proposed research.

Requests for an extension to your access may be granted if necessary. Please contact me for details as the end of your fellowship nears.

Sincerely yours,

Dan Lametti, PhD
